TOWARD AN AUTHENTIC INTERPRETATION OF THE ORGAN WORKS OF CÉSAR FRANCK

BY
ROLLIN SMITH

Published by Pendragon Press
 Available at \$46 from
 AGO National Headquarters
 475 Riverside Drive, Suite 1260
 New York, NY 10115

"... a serious and valuable work in an area which has suffered from the destructive consequences of modern organ building and the lack of systematic investigation."

The Musical Times

"Undoubtedly the most complete work which has appeared on the subject. . . . It would be difficult to conceive a more complete portrait of this great musician and his connection with the instruments which he played for over 40 years."

La Flûte Harmonique

"... a valuable resource for students aspiring to an intelligent and historically informed performance of Franck's works."
